Dear Members,

The end of the year is a period during which we sum up the passing year and plan for the coming months. 2014 was a very good year for our Credit Union. We have noted a significant increase in assets, deposits and funded loans. However, we are most happy about the fact that our membership increased during the past year by over 2,100 people. As a result, we have also recorded a record net profit, which reached nearly $12 million for the 2014 calendar year. On behalf of the Board of Directors, I wish to thank all our members and employees for the very successful year. Enjoying your unwavering trust and having professional employees who are devoted to our institution, I am certain that the coming year will be another successful one for our Credit Union.

When summing up the passing months, we also have to point out several initiatives which the Polish & Slavic Federal Credit Union took and which are of significant importance to the entire Polish community in the United States. As was the case in previous years, we provided financial support to many organizations, parishes and Polish community events. Particularly significant among them was the support provided to the Tadeusz Kosciuszko Chair of Polish Studies at the Institute of World Politics in Washington, DC. We were very satisfied with our scholarship program, which will be continued in 2015 at an even broader scale. I am glad that the Pilsudski Institute, an institution with a long list of merits for the Polish community and the history of Poland, will have its new headquarters in our building on Greenpoint Avenue. Continuing our successful cooperation with many organizations, the Board of Directors has also taken a very important decision of adding the Polish Army Veterans Association and the Copernicus Foundation to the group of our sponsoring organizations. Our joint initiative with the Children’s Smile Foundation of collecting funds for children’s hospices in Poland, which is about to end, has proven to be a huge success. Our Credit Union’s achievements during the passing year, together with the above-mentioned initiatives, prove how much can be achieved when we strive for common goals together.

The coming weeks will mark the celebrations of the fifth anniversary of opening the first two PSFCU branches in Illinois – in Norridge and Mount Prospect. Extending our operations to the Chicago area was a very good decision, a result of a well thought out strategic plan.

Summing up, just like our Credit Union, I wish that you also have a plan of reaching your goals and that these plans will be successfully realized in the New Year 2015.

Krzysztof Matyszczyk
Chairman of the PSFCU Board of Directors
