Dear Members,

I am glad that this month I am able to communicate to you, the members of the Polish & Slavic Federal Credit Union, information on the role and activities of the Supervisory Committee, of which I am honored to be Chairman. Under the Committee, I work with people who not only are characterized by professionalism and high competence, but also are well-known and dedicated to Polish community affairs. The current composition of the Supervisory Committee is: Ms. Ewa Chmielewska, who serves as Secretary, Mr. Leon Fuks, Mr. Edward Pierwola, and Mr. Franciszek R. Piwowarczyk.

According to the PSFCU bylaws, the Supervisory Committee is elected by the Board of Directors, and the term of office of each member is three years. The members of the Supervisory Committee, like those of the Board of Directors, are volunteers. To ensure full independence of operation, a Supervisory Committee member may be dismissed from office only by a special meeting of PSFCU members.

The main task of the Supervisory Committee is to conduct independent audits and oversee the financial security of our Credit Union. The Supervisory Committee makes sure that the financial reports contain the proper data, and that policies and procedures are strictly observed by both the employees and volunteers of our Credit Union.

Each year the Committee makes the decision of which certified accounting firm to engage, as well as other specialized auditing firms, depending on requirements. Every day we accomplish our tasks by supervising the operations of the PSFCU Internal Audit Department. Due to ever-changing regulatory requirements, as well as the emergence of new challenges such as "Cyber Security", the role of internal controls in the operations of financial institutions is becoming more important.

Despite the enormous responsibility that rests with the members of the Supervisory Committee, I must admit that both myself as well as the other Committee members derive great satisfaction from our work for our Credit Union, and thus for the benefit of its more than 84,000 members.

As Chairman of the PSFCU Supervisory Committee, I want to assure you that our Credit Union’s assets are properly secured, and the Polish & Slavic Federal Credit Union is a financially stable institution.

In conclusion, I wish to thank all the members of our Credit Union for the confidence you have in the PSFCU, because after all, that is the most important source of our institution’s success.

Sincerely,

Artur Dołęga
Chairman of the PSFCU Supervisory Committee

Always Near the Polish Community

Summer festivals and picnics, concerts and sporting events: we are there whenever there is something important happening for our Credit Union members. Why? Because by its very nature, a credit union is an integral part of the community it serves. The Polish & Slavic Federal Credit Union is owned by all of its members, who have the right to vote and elect the Board of Directors, which in turn oversees the Credit Union’s operations and sets its strategic direction. On the other hand, a bank is usually owned by a small group of shareholders, not all of whom have voting rights. A bank, as opposed to a credit union, is not very interested in how the local community is prospering, because banks focus on earning the highest possible profit for shareholders.

All the members of our Credit Union benefit from the profit earned by the PSFCU. The local community they represent also benefits, including the institutions so firmly established there, such as schools, churches, scouts, cultural and athletic associations, and

charitable organizations. The strength and uniqueness of the Polish & Slavic Federal Credit Union is built on this bond.

But the strong connection to the daily life of our Credit Union members means that we need to be even more active. Our Credit Union employees are at your disposal, not only at branches during office hours; you can also meet most of them at weekend or weekday events organized by or for the Polish community.

In August, our Credit Union headquarters in Greenpoint hosted a meeting organized by the New York State Department of Transportation, at which neighborhood residents could learn more about the ongoing Kosciuszko Bridge reconstruction project. Admittedly, the residents of the Polish neighborhood pointedly questioned the representatives of the investors and contractors about the inconveniences related to the construction work. Our Credit Union employees could be found during the Polish Highlanders Picnic in Clifton, New Jersey, or at the great street festival in Ridgewood, New York. Our Credit Union was also at the ceremony commemorating the 71st anniversary of the Warsaw Uprising, which was held at Holy Cross Church in Maspeth, New York, as well as at the Polish Highlander festival in honor of Our Lady of Ludzimierz, the Queen of Podhale, at the Sanctuary of the Discalced Carmelite Fathers in Munster, Indiana.

We accompanied many members of our Credit Union at the boxing event on August 14 at the Prudential Arena in Newark, New Jersey. Four Polish boxers fought, vigorously cheered on by fans in white and red colors. Krzysztof Glowacki was the biggest sensation and also the greatest pleasure for Polish fans; after a fierce battle, he won the WBO world junior heavyweight title, knocking out the former champion in the eleventh round. As always, our Credit Union is there whenever there is something important happening for the Polish community.

For its upcoming 40th anniversary, the Polish & Slavic Federal Credit Union is looking for interesting materials related to the history of our Credit Union. We are particularly interested in original documents from the beginning of our operations in the late 1970s and 1980s like old savings passbooks, certificates, loan documents, receipts, photos, or promotional materials. Great value are the materials produced by the members of our Credit Union such as correspondence with PSFCU or written memories or documents regarding our institution and its founders. We are also interested in family photos depicting our Credit Union branches, its employees and events sponsored by PSFCU. After obtaining the consent of the owners, the most interesting materials will be published in publications related to the celebration of the 40th anniversary of the PSFCU.

If you still in possession of these items, and would like to share them with us, please contact us at marketing@psfcu.net or call 973-808-3240, ext. 6134. Those of you who send us interesting materials will participate in the drawing of attractive gifts – one of 10 PSFCU T-shirts autographed by Polish champions from Sochi Winter Olympics: Zbigniew Brodka or Justyna Kowalczyk.
